GREETINGS:—

FROM a rather modest beginning fifty-one years ago, our business has developed into one of the largest and most complete Feed, Grain, Seed and Farm Implement Establishments in the State. Naturally, this progress fills our breasts with a feeling of pride and gratitude, for it could not have been accomplished except by supplying only the very best grade of goods, and by a strict adherence to the broad principle of rendering faithful and efficient service. We do not base our claims for the support of our many customers merely on the fact that we have been established for over a half century; rather because we have at all times kept abreast of the times, catering to the wants of our customers, by being in close touch with the agricultural centres.

In placing this issue of our catalog before our customers, we wish to take this opportunity of thanking you for your generous patronage in the past, and to assure you that we will continue to do all in our power to merit a continuance of your confidence.

Cordially yours,

TAYLOR BROS.

OUR TERMS AND SERVICE

FOR the convenience of the trade our Departments are connected by a modern system of Telephones, which can be reached through our Private Branch Exchange, Bell 54, 55 and 441, Keystone 53 and 54. Special attention given to orders placed by 'phone.

Mail orders are solicited and handled with promptness.

TERMS:—We invite charge accounts where order is accompanied with satisfactory business or bank references. Terms, net cash 10 days, all others cash with order.

All goods delivered **FREE ON**

BOARD cars Camden or boat Philadelphia.

Bags and sacks are additional at value.

When ordering state clearly the varieties desired, and whether substitutions can be made in case of being out of article ordered.

Also state plainly the station and route to which shipment is to be made.

All perishable goods shipped at purchaser's risk.

Prices quoted for shipment by Parcel Post are for the first zone only.

TAYLOR BROTHERS
CAMDEN, NEW JERSEY

THE progressive poultryman may be compared to a manufacturer, with laying hens and growing stock for machines, the various grains and food stuffs as the raw material and eggs and meat the finished product. Obviously, his profits will depend upon two things: the efficiency of his machines, and the use of raw material of the right kind. Both factors are equally important, and certain it is that the best machine cannot be made to produce good results on inferior or unsuitable raw material. Success or failure in poultry raising almost always lies in the difference between proper and improper feeding.

Keystone Poultry Foods insure success, because they are absolutely the finest and most suitable raw material obtainable. We have employed the services of skilled chemists to determine the precise nutritive composition of the various grains and seeds. These experts have had the co-operation of prominent breeders and government experiment stations throughout the country; hence, with over a half century's experience in the manufacture of feeds, we now occupy the position of a recognized authority on the subject, and prepare only such foods as are of known reliability.

KEYSTONE BABY CHICK FOOD

When hatched a chick weighs about one and a half ounces; it doubles this weight in six days, and under normal conditions can be made to weigh two and a half pounds in twelve weeks—more than twenty-five times its original weight. Small wonder a chick is a very intensively, delicately constructed organism, and that it must be fed very liberally—and very carefully.

The first essential to the proper feeding of little chicks is a knowledge of the nutritive elements and their relation to the demands of the chicks' bodies. Few poultrymen have the time or laboratory facilities and experience to gain this knowledge for themselves, hence, if they prepare their own chick foods on a guesswork principle, such foods are very likely to be deficient in one or more of the necessary elements, and excessive in others, which is very injurious and often results in bowel troubles and death.

Keystone Baby Chick Food is scientifically prepared to meet the exact requirements of the chick's body; contains only the sweetest, most appetizing grains, and should be fed for the first two weeks, when the regular Keystone Chick Food can be substituted.

ANALYSIS: Protein, 13 per cent. | Fat, 4 per cent. | Fiber, 3 per cent.

PRICES:	50 lbs.....	\$1.43	100 lb. lots.....	\$2.66
	500 lb. lots.....	2.62 cwt.	1,000 lb. lots.....	2.59 cwt.
	2,000 lb. lots.....	2.56 cwt.	6¼ lb. paper bags, each.....	.20

KEYSTONE CHICK FOOD

It is obvious that an organism made up of well-defined elements, must require those elements to maintain health and promote growth. We have combined the elements necessary for a chick's growth in our Keystone Chick Food, which is a scientifically balance ration, consisting of sound grains and carefully selected seeds, and which never varies in proportion or quality.

Keystone Chick Food should be fed until the chicks are six to eight weeks old, when they may be given our Keystone Developing Food.

ANALYSIS: Protein, 11 per cent. | Fat, 3 per cent. | Fiber, 3 per cent.

PRICES:	50 lbs.....	\$1.47	100 lb. lots.....	\$2.73
	500 lb. lots.....	2.69 cwt.	1,000 lb. lots.....	2.66 cwt.
	2,000 lb. lots.....	2.63 cwt.	6¼ lb. paper bags, each.....	.20

DANDY CHICK FOOD

This food is also prepared by us, and is intended to meet the demand of those who feel impelled to use a lower price chick food. It must not be confused as an inferior product, however, for it compares very favorably with the finest foods on the market. It contains a little less protein than our Keystone Chick Food, hence its lower price.

ANALYSIS: Protein, 10 per cent. | Fat, 3 per cent. | Fiber, 3 per cent.

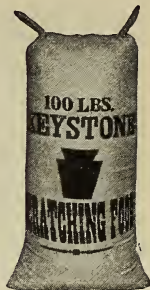

PRICES:	50 lbs.....	\$1.23	500 lbs.....	\$2.21 cwt.
	100 lbs.....	2.25	1,000 lbs.....	2.18 cwt.
	2,000 lbs.....	\$2.15 cwt.		

KEYSTONE DEVELOPING FOOD

TO have chicks attain maturity in the Fall and become layers at a time when every egg closely resembles a "nickel," it is necessary to keep them growing very rapidly from the time they are weaned. Our Keystone Developing Food is prepared for just this purpose; it is a dry grain, reliable formula, guaranteed to produce blood, bone, muscle and feathers in the quickest possible time, and not to tax the bird's vitality while obtaining this rapid development.

ANALYSIS: Protein, 9½ per cent. | Fat, 2¾ per cent. | Fiber, 3 per cent.

PRICES:	50 lbs.	\$1.33	100 lb. lots.	\$2.45
	500 lb. lots. ..	2.41 cwt.	1,000 lb. lots.	2.38 cwt.
	2,000 lb. lots. ..	2.35 cwt.	Every bag sealed.	

KEYSTONE SCRATCHING FOOD

Exercise is essential to health; it aids digestion, promotes vigor and insures a large yield of fertile eggs. To induce a flock to exercise consistently, however, the hens must be compensated for their efforts. They should always be rewarded for their pains. Scatter Keystone Scratching Food in plenty of clean litter and watch the birds scratch and dig for it. It contains such an attractive variety of grains and seeds the fowls never tire of scratching for it. This is one of our best sellers. Try it and you will use nothing else.

ANALYSIS: Protein, 11 per cent. | Fat, 3 per cent. | Fiber, 3 per cent.

PRICES:	50 lbs.	\$1.28	100 lb. lots.	\$2.35
	500 lb. lots.	2.31 cwt.	1,000 lb. lots.	2.28 cwt.
	2,000 lb. lots.	2.25 cwt.	6¼ lb. bags, each.20

DANDY SCRATCHING FOOD

The same argument applies to this food as previously described for Dandy Chick Food. It is the best food for the money, and because it contains a slightly smaller content of protein, we are able to reduce the price.

ANALYSIS: Protein, 10½ per cent. | Fat, 3 per cent. | Fiber, 4 per cent.

PRICES:	50 lbs.	\$1.27	1,000 lbs.	\$2.26 cwt.
	100 lbs.	2.33	2,000 lbs.	2.23 cwt.
	500 lbs.	2.29 cwt.	Including sacks.	

UNCLE SAM SCRATCHING FOOD

We have only manufactured this food for a short time, and already it has become exceedingly popular among the foremost breeders. It is a pure, clean, grain mixture, absolutely free from any foreign substance, and for those who prefer less protein and a higher content of fat, which enables us to give our customers the benefit of a reduced cost in manufacture, it is especially recommended.

ANALYSIS: Protein, 9¾ per cent. | Fat, 4½ per cent.

PRICES:	50 lbs.	\$1.10	100 lbs.	\$2.00
	500 lbs.	1.96 cwt.	1,000 lbs.	1.93 cwt.
	2,000 lbs.	\$1.90 cwt.		

KEYSTONE LAYING FOOD

The prime function of food is to support life—consequently any excess over the amount required for this purpose is turned into energy of one kind or another and with fowls it generally goes into eggs. Therefore, to secure a prolific egg yield it becomes necessary to feed the hen such a variety and quantity of foods as will supply her bodily needs and leave a surplus that will be turned into eggs. No single food forms a complete ration for poultry.

Keystone Laying Food is all that the name implies: a combination of grains, seeds, meats and green stuffs—nutritious and stimulating.

ANALYSIS: Protein, 18¾ per cent. | Fat, 4 per cent. | Fiber, 9 per cent.

PRICES:	50 lbs.	\$1.20	100 lb. lots.	\$2.19
	500 lb. lots.	2.15 cwt.	1,000 lb. lots.	2.12 cwt.
	2,000 lb. lots.	\$2.09 cwt.		

J. E. CRAWFORD, Audubon, N. J., says: "I have been handling Keystone Foods about two years and find them to be strictly as represented. Keystone Chick and Scratching Foods are particularly nice. I have also used Dandy Scratching Food, and find it to be equal if not superior to other makes."

KEYSTONE MASH FOOD

ALMOST every poultryman admits that the use of dry mash is the most advanced method of feeding chickens. A heavy egg yield is an intensive process, and should be assisted in every way possible. The hen was endowed with a gizzard for grinding solid foods, but it is sometimes more economical to have a part of this mechanical work done by power mill-stones. Still another point in favor of dry mash feeding: where whole or broken grains are fed exclusively, it is more good luck than good management if some hens do not eat an excess of corn, others wheat, and others oats.

ANALYSIS: Protein, 13 per cent. | Fat, 3 per cent. | Fiber, 10 per cent.

PRICES:	50 lbs.....\$1.13	100 lb. lots.....\$2.05
	500 lb. lots.....2.01 cwt.	1,000 lb. lots.....1.98 cwt.
	2,000 lb. lots.....1.95 cwt.	

KEYSTONE FORCING FOOD

When your cockerels are ready for fattening, or you wish to put your poultry in prime condition for market so that they will command top prices, feed them for a couple of weeks on our Keystone Forcing Food and note the extraordinary results. Although it forces the flesh forming tissues and produces well-rounded, fat and attractive broilers and roasters, this food is very easily digested, therefore entails no ill results, likely to be experienced from other highly concentrated foods. Like our other foods it is always sold in sealed bags.

ANALYSIS: Protein, 13 per cent. | Fat, 4 per cent. | Fiber, 3 per cent.

PRICES:	50 lbs.....\$1.26	100 lb. lots.....\$2.12
	500 lb. lots.....2.08 cwt.	1,000 lb. lots.....2.05 cwt.
	2,000 lb. lots.....2.02 cwt.	Special price in large quantities.

KEYSTONE PULLET FOOD

When the young stock is weaned from the brooder, it is a good plan to separate the sexes; segregate the cockerels for market, feeding them accordingly, and give the pullets free range wherever possible, and feed them a ration intended for the stimulation of the egg-producing organs. On poultry plants where Keystone Pullet Food is fed regularly it will be noted that the birds commence laying at a very early age, and no other factor makes for increased profits quicker than this.

ANALYSIS: Protein, 12 per cent. | Fat, 3 per cent. | Fiber, 10 per cent.

PRICES:	50 lbs.....\$1.32	100 lb. lots.....\$2.43
	500 lb. lots.....2.39 cwt.	1,000 lb. lots.....2.36 cwt.
	2,000 lb. lots.....2.33 cwt.	

KEYSTONE DUCK FOOD

Under natural conditions the food of the duck is both animal and vegetable, consisting of fish, water insects, grasses, seeds, &c., hence when the birds are raised under a somewhat artificial environment this diet must be imitated to secure the most satisfactory results. Unlike the hen, the duck has no crop; the food passing from the bill to the gizzard, and in consequence the food must be largely of a soft character. Too much hard food does not agree with ducks, and they will not thrive upon it. Keystone Duck Food fulfills every requirement, and is a proven success, being in use on many of the largest duck plants in the country.

ANALYSIS: Protein, 16 per cent. | Fat, 6½ per cent. | Fiber, 4 per cent.

PRICES:	50 lbs.....\$1.23	100 lb. lots.....\$2.26
	500 lb. lots.....2.22 cwt.	1,000 lb. lots.....2.19 cwt.
	2,000 lb. lots.....2.16 cwt.	

KEYSTONE DRY MASH

Protein constitutes the nitrogenous portion of the food, and is required to grow bone, muscle, feathers and eggs; keep the blood in healthy condition and repair waste tissues. Our Keystone Dry Mash, a finely ground blend of grains and meat, is very high in protein, as will be seen by the analysis, and may be fed either wet or dry, as desired.

ANALYSIS: Protein, 15 per cent. | Fat, 4 per cent. | Fiber, 5 per cent.

PRICES:	50 lbs.....\$1.23	100 lb. lots.....\$2.25
	500 lb. lots.....2.21 cwt.	1,000 lb. lots.....2.18 cwt.
	2,000 lb. lots.....\$2.15 cwt.	

KEYSTONE SPECIAL PREPARATIONS

KEYSTONE PIGEON FOODS "A" and "B"

IF you are not making money from your pigeons and your stock is of known reliability, you had better investigate your feed. Almost all of the failures in the squab business are attributed to careless, improper feeding. There is no economy in cheap, mildewed or partly spoiled grain; only trouble, sickness and mortality. Feed only the best; which is to say—feed Keystone brands. They are carefully balanced to meet the requirements of the birds, and never vary from an established prime quality. Pigeons fed upon our foods are sure to be prolific, and the squabs will develop quickly and become unusually large. Food "A" is similar to "B," except it contains flint corn, which is a small grain corn of excellent quality. These foods are sold only in sealed bags.

KEYSTONE PIGEON FOOD "A"

ANALYSIS: Protein, 13 per cent. | Fat, 3 per cent. | Fiber, 4 per cent.

PRICES:	50 lbs.....	\$1.49	100 lb. lots.....	\$2.77
	500 lb. lots.....	2.73 cwt.	1,000 lb. lots.....	2.70 cwt.
	2,000 lb. lots.....			\$2.67 cwt.

KEYSTONE PIGEON FOOD "B"

ANALYSIS: Protein, 12 per cent. | Fat, 2¾ per cent. | Fiber, 3 per cent.

PRICES:	50 lbs.....	\$1.45	100 lb. lots.....	\$2.70
	500 lb. lots.....	2.66 cwt.	1,000 lb. lots.....	2.63 cwt.
	2,000 lb. lots.....			\$2.60 cwt.

CHAS. E. LANE, of Parksley, Va., says: "I have been using your Keystone Pigeon Food for about 2 years, and find it entirely satisfactory. It is free from dirt, the grain is sound and good, and always runs even, with about the proper proportions of each."

KEYSTONE FISH MASH FOOD

One of the wonders of the 20th Century for producing eggs. Makes hens lay almost continuously 12 months in the year. Used in the N. A. Egg Laying Contest, Philadelphia, Pa.

ANALYSIS: Protein, 9.81 per cent. | Fat, 3.69 per cent. | Fiber, 8.19 per cent.

PRICES:	50 lbs.....	\$1.15	100 lb. lots.....	\$2.10
	500 lb. lots.....	2.06 cwt.	1,000 lb. lots.....	2.04 cwt.
	2,000 lb. lots.....			\$2.00 cwt.

The secret of successful Poultry Raising is to produce eggs when they are selling at a high market. We can help you. Try our Fish Mash at once and notice the increased yield in your egg production.

C. L. ROGGENSTEIN, of Monroeville, N. J., says: "I think that Keystone Foods are superior to any other that I have bought and used."

KEYSTONE SALT CAT

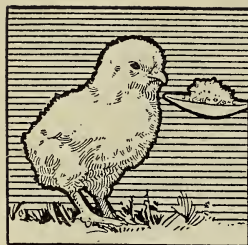

This preparation is compounded from a reliable recipe, and contains those aromatic and tonic properties required by fancy and homing pigeons, pheasants, game fowls, &c. Try it once and you will never be without it. It is put in 1 pound bricks, carefully packed in paste-board boxes.

PRICES:	Per brick.....	\$0.10
	One dozen.....	1.00

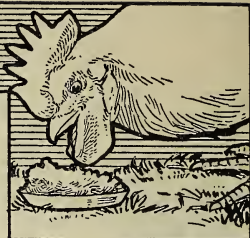

MR. A. J. D. GEARHART, of Danville, Pa., says: "Keystone Salt Cat is a fine thing to have in the pigeon loft. It keeps my birds in good health."

It's economy to buy the BEST poultry food. The BEST is "Keystone."

KEYSTONE SPECIAL PREPARATIONS

KEYSTONE SPECIAL PREPARED POULTRY MEAT

A CONTROVERSY used to exist as to the relative merits of animal protein and vegetable protein; chemically they seemed to be the same. Under natural conditions the chicken will forage for bugs and other animal life; whereas when confined, or if large numbers of fowls are maintained on a comparatively small area, this animal sustenance is not available, and there is then a falling off in the egg yield, proving beyond a doubt that animal protein must be furnished. Keystone Special Prepared Poultry Meat makes up for this deficiency, and should be kept before the birds at all times, either in the dry mash or in separate hoppers. Allow us to send you a sample. We sell carloads. Note the analysis.

ANALYSIS: Protein, 50 to 55 per cent. | Fat, 10 to 12 per cent.
Fiber, 1 to 2 per cent.

PRICES: { 100 lb. lots. \$2.95 500 lb. lots. \$2.90 cwt.
1,000 lb. lots. 2.85 cwt. 2,000 lb. lots. 2.80 cwt.
50 lb. bags. 1.55 Larger lots at special prices.

BLOOD MEAL AND BONE

This is a highly concentrated food, very rich in egg-forming properties, and is especially fine for varying the fowls' ration. Try a bag—it is worth all it costs.

ANALYSIS: Ammonia, 12 per cent.

PRICES: 50 lb. bag. \$1.85 100 lb. bag. \$3.50

B. B. B. BOILED BEEF AND BONE

This is a well known brand of beef scraps, and we have sold many carloads of it. It is not as rich in protein as our Special Prepared Poultry Meat, hence the price is made accordingly.

ANALYSIS: Protein, 40 per cent. | Fat, 20 per cent. | Fiber, 8.60 per cent.

PRICES: 50 lb. bag. \$1.50 100 lb. bag. \$2.70

KEYSTONE GRANULATED BONE

It has been proven very conclusively that the nutritive elements contained in bones is highly beneficial to poultry of all ages. Green cut bone is admitted to be excellent, except that it is very difficult to feed fresh and sweet, and then, too, green bone contains over 40% water. Our product possesses all the advantages of green bone, and yet eliminates the disadvantages—the water, grease and likelihood of decomposed matter. It is dry and appetizing, and contains only phosphate, lime and protein. You will not be troubled with lack of eggs or soft-shelled eggs if our Granulated Bone is included in the ration.

ANALYSIS: Ammonia, 4½ per cent. | Bone Phosphate, 47 per cent.

PRICES: { 50 lbs. \$1.35 100 lbs. \$2.50
500 lbs. \$2.45 cwt.

KEYSTONE FINE GROUND BONE MEAL

This product is virtually the same as our Granulated Bone, except that it is reduced through a finer sieve, and therefore more suitable for mixing with the dry mash. It is especially valuable when fed sparingly to little chicks after they are two weeks old.

ANALYSIS: Ammonia, 4½ per cent. | Phos. Acid, 21½ per cent. | Bone Sulphate, 47 per cent.

PRICES: { 50 lbs. \$1.35 100 lbs. \$2.45
500 lbs. \$2.40 cwt.

PORK CRACKLINGS

PRICE: Fancy, in cakes from 20 to 50 lbs. \$0.06 lb.

KEYSTONE CRUSHED OYSTER SHELLS

GRIT to grind the feed, charcoal to keep it sweet, and Oyster Shells to supply lime for the eggs—this is a trilogy never to be overlooked. Our shells are dried by a patent hot air process and not by direct fire, which burns out most of the desirable elements. The shells are then ground and screened to three sizes—coarse, medium and fine—as recommended by leading poultrymen, and are entirely free from dust, dirt or other foreign matter. Write for quotations on large lots.

	50 lbs.	100 lbs.	500 lbs.	2,000 lbs.
PRICES: Medium.....	\$0.38	\$0.58	\$0.55 cwt.	\$10.50 ton
Coarse.....	.38	.58	.55 cwt.	10.50 ton
Fine.....	.38	.58	.55 cwt.	10.50 ton

MR. N. T. ATKINSON, of Columbus, N. J., says: "Keystone Crushed Oyster Shells are excellent. The fowls devour them greedily and the results are most satisfying. Since feeding them I have had no soft shell eggs. The capons have also fattened easily and kept in splendid health."

KEYSTONE SILVER GRIT

Do not fail to supply a large quantity of clean, sharp grit at all times. Unless the hen yard is adjacent to a quarry, the pebbles on the average farm are of little value as grit—they are not sharp enough. A smooth, round pebble in a fowl's gizzard is of no more use than an ax handle would be for splitting wood. Grits constitute the fowl's grindstones, and to be effective they must have sharp, angular corners. There is no better grit on the market than Keystone Silver Grit, which comes in three sizes, for all ages of poultry: Coarse, medium and fine.

PRICES: 50 lb. bag.....\$0.38 100 lb. bag.....\$0.58 Per ton.....\$10.50

MICA CRYSTAL GRIT

This grit is obtained from a friable rock of peculiar formation, and is especially well suited to poultry. The rotary, muscular action of the fowl's gizzard, working on the grit, causes it to break into small angular pieces and thereby increases its efficiency. Three sizes: Fine grade for chicks; Medium for pigeons; Regular or Coarse for fowls.

PRICES: 50 lb. bag.....\$0.40 100 lb. bag.....\$0.63 Per ton.....\$11.00

MICO-SPAR CUBICAL GRIT

As the name implies, this grit consists of small cubes of a rough, hard character, and is recommended for those who prefer a grit that will resist for a longer period of time the digestive secretions. They make splendid "molars." Three sizes: Extra Fine for chicks; Fine for pigeons; Coarse for fowls.

PRICES: 50 lb. bag.....\$0.40 100 lb. bag.....\$0.65 Per ton.....\$11.50

HEALTH GRIT

Keystone, 100 lb. sacks.....	} Special prices on 1 to 3 ton lots.....	{	\$1.40 cwt.
Foust, 100 lb. sacks.....			1.40 cwt.
Red Cross, 100 lb. sacks.....			1.40 cwt.

KEYSTONE POULTRY CHARCOAL

KEYSTONE CHARCOAL is prepared especially for poultry, is free from dust and dirt and positively aids digestion. Three grades: Coarse, Medium and Fine.

PRICES:	2 lb. cartons.....	\$0.10	10 lbs.	\$0.30
	50 lbs.....	.90	100 lbs.....	1.55
	500 lbs.....	1.50 cwt.	1,000 lbs.....	1.45 cwt.
		2,000 lbs.....	\$1.35 cwt.	

GRANULATED MILK

Milk is conceded to be one of the finest feeds for chickens, especially for chicks, but in many cases it is impossible to be had at a reasonable price, or perhaps not at all. Granulated Milk is intended for just such purposes, and to make the feeding of milk easy and convenient. It is fresh milk albumen, dried, and then milled in granular form. Try a bag. It is high in protein and reasonable in price.

ANALYSIS: Protein, min. 40 to 50 per cent. | Fat, 7 to 10 per cent.

PRICES: 10 lbs.....\$0.50 50 lbs.....\$1.90 100 lbs.....\$3.60

KEYSTONE EGG MAKER

TIME was when the 200-egg hen was looked upon as a dream. Today she is very much of a reality. In fact, the 300-egg hen has arrived. The difference between the "manure pile digger" who lays 60 eggs a year, and lays in the Spring when eggs are cheap, and the 200-egg hen, is directly attributable to increased food consumption. Maintain the hen's appetite so that she will eat large quantities of the right kind of food every day and she is bound to lay. She has got to lay or "bust."

Keystone Egg Maker is a compound of the most healthful ingredients, imported roots, herbs and barks, blended in the most exacting scientific manner, and guaranteed to make a perfect digestive tonic and stimulant. It regulates and purifies the fowls' blood and digestive organs, and in so doing sharpens and stimulates their appetites so that they crave large quantities of food, consequently they are induced to lay. Just as the human desire for food becomes jaded and requires a

tonic, so it is with chickens, only more so; and by feeding a mash containing Keystone Egg Maker a flock of hens will be kept in the pink of condition.

Keystone Egg Maker is put up in 42 ounce cartons, which contain 150 feeds for 10 hens. PRICE: \$.025 per package (Parcel Post, 7c. extra.); 12 Pound Bag, \$1.25; Postpaid, \$1.42. 25 Pound Buckets, \$2.25; Postpaid, \$2.55.

KEYSTONE SHORT CUT ALFALFA

Among green foods, alfalfa stands at the top. Our short cut alfalfa is the result of the first process of milling. All the stalks, leaves and blossoms are reduced to edible lengths. When used with the mash, short cut alfalfa is mixed dry with the other foods, and scalded or boiled with them. When fed in connection with dry grains, it should be scalded in a trough or other vessel and left for the fowls to eat at will.

PRICES:	50 lb. bag.....	\$0.95	100 lb. bag.....	\$1.70
	500 lb. lots.....	1.67 cwt.	1,000 lb. lots.....	1.66 cwt.
		2,000 lb. lots.....		\$1.65 cwt.

KEYSTONE MEALED ALFALFA

Used in the formation of Mash Food. Aids digestion and affords bulk to grain foods which are often too concentrated. Fine for young chicks.

PRICES:	50 lbs.....	\$0.95	100 lbs.....	\$1.70
	500 lbs.....	1.67 cwt.	1,000 lbs.....	1.66 cwt.
		2,000 lb. lots.....		\$1.65 cwt.

CUT CLOVER FOR POULTRY

Packed in 100 lb. sacks, \$2.10 a sack. Try it. Produces fine results.

BLATCHFORD'S EGG MASH

This mash furnishes a great surplus of nourishment which goes to the formation of eggs; hens enjoy it, and are kept in the best of health. All the ingredients of Blatchford's Calf Meal are included in this mash, making it virtually a milk feed. It is fed dry, just as it comes in the bag.

100 lb. bags.....	\$2.50
-------------------	--------

BLATCHFORD'S MAMMOTH MILK MASH

You can obtain the finest milk-fed broilers and roasters, without the trouble of feeding fresh milk, if you give your birds Blatchford's Milk Mash. It has for its base the well-known Blatchford's Calf Meal, and in addition corn, oats, bone and barley meals, fish and beef scraps, middlings and powdered limestone. Feed it dry just as it comes to you.

100 lb. bags.....	\$3.00
-------------------	--------

F. P. C. CHICK MANNA

For little chicks when first hatched; especially valuable for raising chicks in winter and early spring.

PRICES:	1 lb. pkg. \$0.10; postpaid, \$0.16	15 lb. pkg. \$1.10; postpaid, \$1.30
	5 lb. pkg. .40; postpaid, .50	60 lb. bulk. 4.20

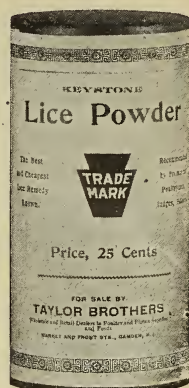

KEYSTONE LICE POWDER

LOUSY fowls are unprofitable, and no poultryman can expect to make money if his hens are bothered with lice and mites. **KEYSTONE LICE POWDER** is sure death to all insects on fowls, and will destroy lice on cattle and horses, ticks on sheep, and fleas on dogs. It is also excellent to use on plants and bushes as a protection against plant lice. Three sizes—5, 15 and 48 ounce boxes, the 5 and 15 ounce boxes equipped with patent sifter top.

PRICES: { 5 oz. box.....\$0.10; postpaid, \$0.15
 { 15 oz. box......25; postpaid, .30
 { 48 oz. box......50; postpaid, .58

Special Price in Quantities.

MR. O. F. LANE, of Forked River, N. J., says: "Your **Keystone Lice Powder** is the best I have ever used. It is fine for setting hens, and can be handled so easy with the patent box. There is none superior for young chicks."

JUMBO POWDER GUN

The bottom, or spout part, screws on or off, and makes a large opening for filling. Just the thing for applying **KEYSTONE LICE POWDER**.

PRICES: Large size, \$0.25; postpaid, \$0.30. Small size, \$0.10; postpaid, \$0.12.

KEYSTONE LICE PAINT

This preparation positively kills red mites, which suck the blood of the fowl.

KEYSTONE LICE PAINT does effective work in ridding horses and cattle of lice, mites, etc. To kill lice on hogs, spray the bedding thoroughly with **KEYSTONE LICE PAINT**. Also coat the rubbing posts with the liquid.

PRICES: { 1 qt. cans, each...\$0.35 ½ gal. cans, each....\$0.60
 { 1 gal. cans, each.... 1.00

KEYSTONE DISINFECTING FLUID

Germs breed rapidly in poultry houses and yards and disease is the result. If **KEYSTONE DISINFECTING FLUID** is used weekly, it will kill all germs and prevent the spread of disease. It will also cure some of the common ills of the fowls.

It is a powerful antiseptic, purifying and healing preparation, and 1 quart will make 50 quarts of the best kind of disinfectant. Use in poultry houses, stables, kennels and toilets.

PRICES: 1 quart.....\$0.50 ½ gallon.....\$0.85 1 gallon....\$1.50

FERSUL

An odorless disinfectant, deodorizer and antiseptic. Kills germs and is a tonic. **Fersul** makes the air sweet and clean; an effective remedy for germ diseases.

PRICES: { 12 oz. bottles, each.....\$0.25 1 gal. jugs, each.....\$1.50
 { 1 qt. bottles, each......50 12 gal. carboys.....17.50

 { 2 qt. cans, each......60 5 gal. cans, each..... 4.00

RAT CORN

Sure death to rats. A positive destroyer of rats and mice, without any odor. Every box guaranteed.

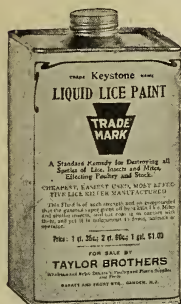

Small can. \$0.15. Medium can...\$0.25.

MORGAN'S VERMIN EXTERMINATOR

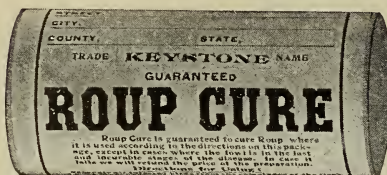

Kills rats, mice, insects. Guaranteed.

PRICE: \$0.25, package.

MR. F. WESLEY DUFFIELD, of Broad Axe, Pa., says: "My barn and out buildings were over-run with rats, but thanks to your **Morgan's Vermin Exterminator**, fifty cents worth was sufficient to rout them. I can strongly recommend it to others."

KEYSTONE ROUP CURE

R OUP is the terror of the poultrymen, and yearly thousands of fowls are lost because of failure to treat the disease properly. Your flock may be saved by buying now a package of **KEYSTONE ROUP CURE**. Roup usually follows neglected colds. It is catarrhal in its nature, and first symptoms are frothiness and bubbles in the corners of the fowls' eyes, generally accompanied by sneezing and snuffles.

The discharge always has a foul odor, which thickens and clogs the nostrils. The bird's head usually swells, the eyes bulge, and thick, slimy masses form in the mouth. We put it up in two sizes, the small size making 25 gallons of medicine, the large size 75 gallons.

PRICES: \$0.25 and \$0.50 per box; by Parcel Post, 5 cents extra.

MR. A. H. ROBBINS, of Robbinsville, N. J., says: "I have tried the Keystone Roup Cure and have found it the best I ever used."

KEYSTONE GAPE CURE

KEYSTONE GAPE CURE is in a powdered form and used by mixing with the soft food. The medicinal properties are quickly absorbed into the circulation, which, coming in contact with the worms, kill them at once.

PRICE: Per box, holding sufficient for treating several hundred feeds, \$0.50; by Parcel Post, 5 cents extra.

KEYSTONE CHOLERA CURE

Cholera is one of the swiftest and most fatal diseases in the poultry yard, and is extremely contagious. Affected fowls should be separated at once and treated with **KEYSTONE CHOLERA CURE** administered in the drinking water.

Each box contains directions for use.

PRICE: Each, \$0.50; by Parcel Post, 5 cents extra.

WM. MASON, Camden, says: "I have been handling the full line of Keystone Foods, Remedies and Supplies during the past few years, and must admit in every instance they have given absolute results."

RUST'S HAVENS' ROUP PILLS

For Roup, Catarrh, Colds, Pigeon Diseases, etc. Moderate size, and, therefore, easy to give to fowls.

PRICES: 50 pills in box, postpaid.....\$0.25 112 pills in box, postpaid.....\$0.50

"OCULUM"

Scientific Remedy and Preventive for Cholera, Roup, White Diarrhoea and Sore Head; also Cure for Gapes. For inoculating, use the small syringe that goes with each bottle. Two sizes—\$0.50 and \$1.00 a bottle. By Parcel Post—\$0.55 on \$0.50 Bottles, and \$1.05 on \$1.00 Bottles.

"We have used Oculum on several pens (of hens) and find that it benefits them VERY much in regard to their general health."—Missouri State Poultry Experiment Station, Mountain Grove, Mo.

RED STAR FISH SCRAP

This food is recommended for those who prefer feeding fish scrap to beef, or where it is desired to use both, which makes an excellent combination. It is manufactured in Boston from strictly fresh fish, scientifically cured, and guaranteed to contain only the purest articles. It is in fact, equally as pure as any fish prepared for human consumption, and just as fresh. Experiment Stations endorse Fish Scrap, and it is in use on thousands of farms.

ANALYSIS: Protein, 45 to 54 per cent. | Bone, 30 per cent.

PRICES: 50 lbs.....	\$1.75	100 lbs.....	\$3.25	200 lbs.....	\$3.20
---------------------	--------	--------------	--------	--------------	--------

FISH MEAL

This is another fish product, more concentrated than the Fish Scrap, and in meal form rather than scrap form. It is highly recommended for poultry, hogs, &c.

ANALYSIS: Protein, 55 to 60 per cent. | Fat, 3 to 5 per cent.

WE ARE AUTHORIZED AGENTS FOR

Genuine Cyphers Company Incubators Patented

MADE IN THREE STYLES. EIGHT DIFFERENT SIZES

FOR the season 1916, we offer our customers the Cyphers Incubator Company's complete line of Incubators. These **three styles** of high-class, guaranteed hatching machines, running through **eight different sizes**, represent all that is efficient, convenient, and reliable in incubator construction. In buying a Cyphers Company Incubator you take no chances.

STANDARD CYPHERS INCUBATORS

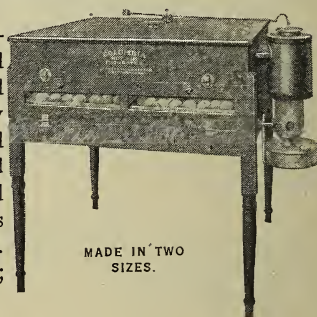

MADE IN FOUR SIZES.

THESE are machines that for **fifteen years** and more have been recognized as the "standard hatchers of the world." Tens upon tens of thousands of them have been sold and are in **successful use in every civilized country on the globe**. They are the last word to date in incubator building, not a penny being spared anywhere in their construction to make sure of their doing **satisfactory work in all climes, under widely different conditions**, in the hands of all sorts of people. Are built in four popular sizes and at prices as follows: 70 eggs, price complete, \$15.00; 144 eggs, price complete, \$23.00; 244 eggs, price complete, \$34.00; 390 eggs, price

complete, \$40.00. Satisfaction, or your money back.

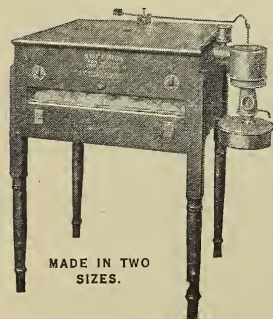

COLUMBIA HOT-AIR INCUBATORS

ARE built to meet the wide-spread demand for large-capacity, lamp-heated machines that can be sold at **surprisingly low prices** and yet be guaranteed to do high-class work. Have wooden cases, attractively finished in dark green, with brass trimmings and double walls. **Same regulating equipment as used on highest priced machines**. Fume-proof, forced draft heater. Automatic in ventilation and embodies diffusive principle. Roomy chick nursery under egg trays. Are made in two sizes: 140 eggs, price complete, \$16.00; 250 eggs, price complete, \$22.00. **Fully guaranteed.**

MADE IN TWO SIZES.

SUPERIOR HOT-WATER INCUBATORS

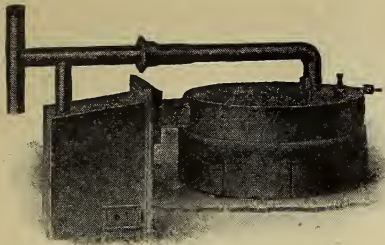

MADE IN TWO SIZES.

THESE machines are exactly what the name says. They are heated by hot water, instead of hot air, and are "superior" in every detail. The water boiler and tank (tubular) are of heavy-weight copper. Incubator case is of **wood**, attractively finished in golden brown, with brass trimmings and has double walls, with air space insulation. Same regulator as used on highest priced machines. Have **forced water circulation** and are automatic in ventilation. Roomy chick nurseries. Are built in two sizes: 65 eggs, price complete, \$12.00; 130 eggs, price complete, \$16.00. **Fully guaranteed.**

Write for Large, Complete Catalogue of Cyphers Incubators and Brooders.

CYPHERS ADAPTABLE HOVER

THIS Hover is used in all Standard Cyphers Brooders, but is also complete in itself and is intended to be used separately in outdoor brooders, brooding houses, colony coops, portable houses, home-made brood coops, or wherever heat is required for brooding chicks and ducklings. Furnishes top heat exclusively, space beneath hover is unobstructed for use of chicks. Lamp flame can not blow out and will not suck out. Is self-regulating,

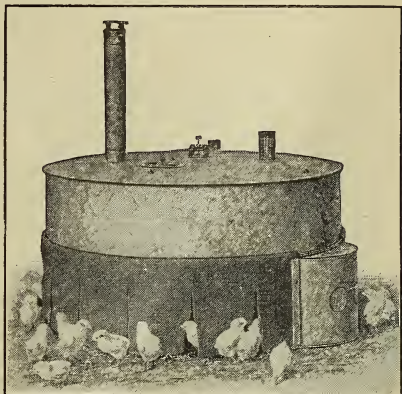

self-ventilating and bears the Underwriters Inspected Brooder Label. Capacity, 75 newly-hatched chicks. PRICE: \$9.00.

CYPHERS PORTABLE HOVER

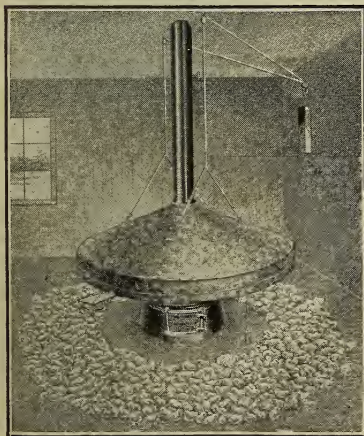

WE guarantee the Cyphers Portable Hover to be the best brooding device of the kind on the market. It is recommended especially for use indoors in poultry houses, brooding houses, colony houses and large roosting coops. As it is equipped with the same high-grade thermostat as the Cyphers Incubators and the Cyphers Adaptable Hover, it maintains a steady and uniform heat. It is self-regulating and positively and infallibly automatic in ventilation, preventing the trapping of "dead" air or poisonous gases underneath the curtain. Does not have central heat dome against which chicks can crowd or pile up.

This Portable Hover, as its name indicates, can be picked up at any time, all complete, and moved about without hindering its operation. Very convenient for cleaning and moving.

Rated capacity, seventy-five newly hatched chicks, or fifty chicks that are ten days to six weeks old. PRICE: Cyphers Portable Hover.....\$9.00.

CYPHERS COAL-BURNING COLONY HOVER

THE latest development in the brooding of chicks. Will brood from 300 to 1000 chicks in one flock, thereby reducing to the lowest point, the time, labor and cost of raising fowls. Has cast iron fire pot and ash pit. Galvanized iron, conical hover dome is movable up and down. Automatic regulator controls heat, only two coalings per day required. Easy and as safe to operate as kitchen range.

PRICES:

OUTFIT No. 1.—With small heater and 42-inch dome, without automatic regulator, shipping weight 150 lbs., capacity 300 to 600 chicks.....\$20.00

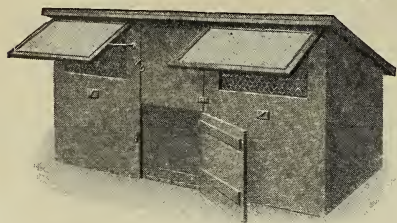

OUTFIT No. 2.—Same as Outfit No. 1, except has automatic regulator.....\$25.00

OUTFIT No. 3.—With small heater and 60-inch dome, without automatic regula-

tor, shipping weight 170 lbs., capacity 600 to 1000 chicks.....\$26.50

OUTFIT No. 4.—Same as Outfit No. 3, except has automatic regulator.....\$31.50

CYPHERS COLONY ROOSTING COOP FOR GROWING CHICKENS

THIS Colony House or Roost Coop will house fifty chicks, eight to twelve weeks old. The floor is removable. Dimensions: Floor space, 3 x 6 ft.; height in front, 36 in.; height at rear, 24 in.

PRICE, complete, \$12.50 each; lots of six, \$12.00 each.

CYPHERS CHICK SHELTER

The sides and ends are made of stout, wooden frames, covered with small mesh wire netting. One end is made to fit front of brooder.

PRICES: Small size, 3 x 6 ft., \$5.75; large size, 3 x 12 ft., \$9.50.

CYPHERS SHIPPING COOPS

This coop is the lightest, strongest and most durable coop on the market, made from well-seasoned lumber and is extremely light.

No. 2, 10½ inches wide, 18 inches long, 21½ inches high, is suitable for single birds of any variety or a pair of Mediterraneans. \$0.50 each; \$5.70 doz.

No. 4, 10½ inches wide, 24 inches long, 21½ inches high, is suitable for Asiatic Male, American or Mediterranean pair, or small Mediterranean trio. \$0.60 each; \$6.80 doz.

No. 6, 19½ inches wide, 24 inches long, 21½ inches high, is for pens of five birds of any variety. \$0.70 each; \$7.95 doz.

CYPHERS PERFECTED PEDIGREE EGG TRAYS

In our No. 0 Incubator, chickens can be separated into four lots; No. 1, four lots; No. 2, 8 lots; No. 3, 8 lots. When ordering a Cyphers Incubator, if you want the pedigree trays be sure to say so and include the extra amount.

(NOTE.—Pedigree trays are not for use during the entire hatch. The eggs should be placed in them when they are turned for the last time. These trays will fit the Cyphers only.)

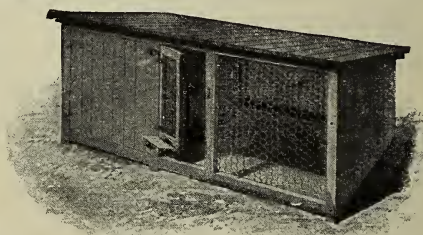

In ordering pedigree trays, be sure to state style and size of machine and date of manufacture.

PRICES: { No. 0, each.....\$2.00 No. 2, per pair.....\$5.00
 { No. 1, each.....2.50 No. 3, per pair.....6.00

CYPHERS NEW MODEL BROODER COOP FOR HEN WITH CHICKS

The house part (1 ft. 9 in. x 2 ft.) has removable floor. The exercise room (2 ft. 6 in. x 2 ft.) is closed at the end and screened with fine mesh galvanized wire, back and front. Dimensions: Width, 4 ft. 3 in.; depth, 2 ft.; height in front, 1 ft. 9 in.; height at rear, 1 ft. 3 in.

PRICE, complete, \$4.00 each; lots of six, \$3.85 each.

THE PHILO SYSTEM CYCLE BROODER HATCHER

These machines were used exclusively in the original Philo System plant, where over \$1500 from 60 hens in ten months has been cleared from the sale of eggs, baby chicks and fowls, raised on a city lot 40 feet square.

The combined machine hatches and broods perfectly at the same time, with only one lamp and one-fifth the oil used in other machines. Once filling the lamp completes the hatch.

Holds 50 Eggs

PRICES: { Brooder Hatcher.....\$8.50
 { Cycle Hatcher.....6.50

STANDARD CYPHERS BROODERS

NO matter how many chicks you hatch, or how big, lively and hearty they are, you must have the right kind of brooding equipment to raise them successfully to market age or for use as layers and breeders.

The Standard Cyphers Brooders are fire-proofed and insurable and are the most durable, convenient and efficient outdoor brooders thus far invented. They are equipped with the Cyphers Adaptable Hover,

which is self-ventilating and self-regulating—you can, therefore, depend upon an even, steady temperature in the hover, and a lively, thrifty, growing lot of chicks. They are easily and quickly converted into colony coops for the growing chicks by simply taking out the hover, which is made removable for that purpose. Saves buying a coop for them.

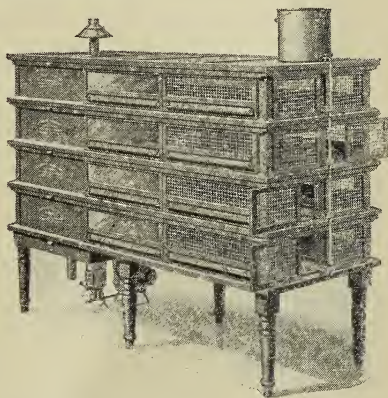

PRICES: Style A, 2-Apartment Outdoor Brooder, \$14.50; Style B, 3-Apartment Outdoor Brooder, \$18.50; Style C, 3-Apartment Outdoor Brooder (for cold climates), \$20.00; Style D, 2-Apartment Indoor Brooder, \$13.50.

THE PARADISE BROODER

WE believe the Paradise One-Lamp Sectional Brooder to be the best indoor brooding device invented thus far as a practical, convenient and economical nursery for newly-hatched chicks and ducklings. It embodies the correct principles of brooding chicks and ducklings by artificial means. Heat is furnished in the right way for growing chicks. Plenty of light gets into each section. Ventilation of all parts of this brooder is thorough. There is plenty of room for exercise. Fresh water is easily supplied to each flock of chicks.

Complete brooder has four sections, each section holding two separate flocks of 50 chicks. Total capacity 400 chicks. Means for feeding and caring for chicks are very convenient and chicks are always under control of the operator. One large oil heater provides warmth.

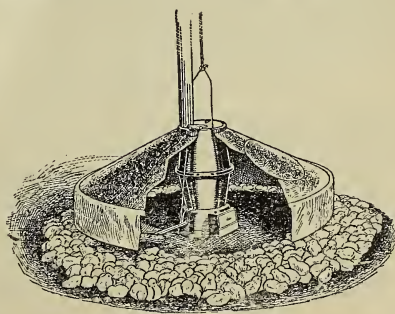

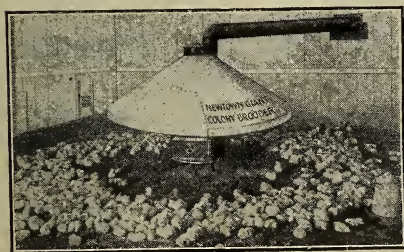

PRICE: Base Section, \$24.00. Additional sections (can be added as desired), each, \$16.00.

"H. AND D." BROODERS

This type of brooder is fireless and is intended for indoor use only. Its system of ventilation and warmth retention are perfect. They are highly recommended. Capacity 30 to 60 chicks, price \$2.00.

LULLABY BROODER

Of the low-priced indoor brooders this is undoubtedly the best. It accommodates from 25 to 50 chicks very nicely, giving them ample room for a few weeks. Price \$1.00.

FULL NEST EGG FOOD

Everybody can get eggs by using FULL NEST EGG FOOD. PRICES: 42 oz. pkg., \$0.25; postpaid, \$0.32. 25 lb. pkg., \$2.00; postpaid, \$2.30.

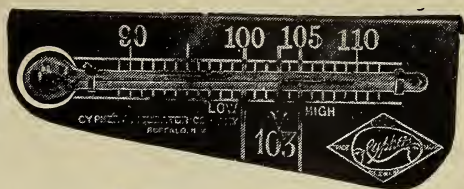

HIGH GRADE TESTED THERMOMETERS

HUNDREDS of hatches fail because of inferior thermometers, and chickens are killed in brooders owing to defective thermometers. Our thermometers are tested before shipped.

PRICES: { Cyphers Incubator Thermometers, each, \$0.60; postpaid, \$0.65; ½ doz., \$3.25, postpaid. Cyphers Brooder Thermometers, each, \$0.45; postpaid, \$0.50; ½ doz., \$2.55, postpaid.

NOTE.—The price of incubator thermometers does not include the wire hanger. These will be supplied at 8 cents extra. In ordering thermometer or wire hanger, state size of your incubator and year manufactured. If machine has no packer's slip bearing date of manufacture, send description of machine. (No allowance for breakage in transit.)

Notice: Cyphers Standard Incubators are guaranteed only when operated with Cyphers Specially Tested Incubator Thermometers, bearing trade mark.

CYPHERS PRACTICAL EGG TESTER

This tester is 15 inches high, 7½ inches in diameter. It is equipped with an extra strong reflector, and is made of the best galvanized iron. No chimney is furnished because of the liability of breakage in shipping.

PRICE: Complete, including box, lamp and reflector, \$1.25; postpaid, \$1.43.

CYPHERS X-RAY EGG TESTER

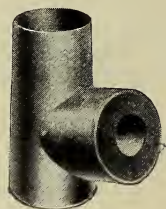

This tester is designed for use on an ordinary hand lamp, fits over any burner with a diameter approximating that of the tester.

PRICE: \$0.25 each; postpaid, \$0.30 each.

ELECTRIC EGG TESTER

Neat and practical, quick and accurate.

PRICE: \$2.50 each.

CYPHERS POULTRY MARKER

This punch makes a good, clear, clean cut and does not mutilate the web. **PRICE:** Each, \$0.50; postpaid, \$0.55.

CYPHERS DRY FOOD HOPPER

THIS hopper is similar in shape to the Cyphers Grit and Shell Box. It has two compartments, a large one for grain mixture and a small one for Beef Scrap. The hopper is provided with a hinged cover, which protects the grain at all times, and is also supplied with a strong handle for convenience in filling and handling. These hoppers are intended to be hung against the wall of a poultry house.

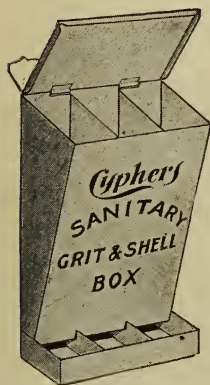

PRICE: \$0.75 each; \$4.10 per $\frac{1}{2}$ doz.

CYPHERS GRIT AND SHELL BOX

Made of best grade of galvanized iron. Has three compartments—for grit, oyster shell and charcoal. Corner lid on a slant prevents fowls roosting on the box and keeps contents clean. It is necessary on every well equipped poultry plant. Made in one size only.

PRICE: \$0.55 each; \$3.00 per $\frac{1}{2}$ doz.

CYPHERS KEEP CLEAN WALL FOUNTAIN

The construction of these fountains prevents the water from getting dirty and full of litter, yet allows fowls to drink water readily. They are very convenient to handle, and can be hung upon the wall above the floor, the back of the can

being flat. They will not break by freezing.

PRICES: One gallon size, \$0.55 each; \$3.00 per $\frac{1}{2}$ doz.
Two gallon size, \$0.75 each; \$4.20 per $\frac{1}{2}$ doz.

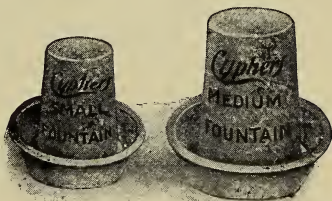

CYPHERS SEPARABLE WALL FOUNTAIN

Is a sanitary and labor saving wall fountain than can be opened or separated for cleaning and filling. Has handle for carrying and bracket on back for hanging up. Drinking spaces on the side help to keep water clean and free from litter. Made of heavy galvanized iron in 5-quart to 9-quart sizes.

PRICES: 5-quart size, each \$0.75; 9-quart size, each \$1.00.

CYPHERS SEPARABLE DRINKING FOUNTAINS

These drinking fountains are very easy to keep clean. Made of heavy galvanized iron in 1-quart, 2-quart, $3\frac{1}{2}$ -quart and 2-gallon sizes. Small size (1-quart), each, \$0.20; $\frac{1}{2}$ doz., \$1.10. Medium size (2-quart), each, \$0.30; $\frac{1}{2}$ doz., \$1.65. Large size ($3\frac{1}{2}$ -quart), each, \$0.40; $\frac{1}{2}$ doz., \$2.10. Special duck size (2-gallon), each, \$0.65; $\frac{1}{2}$ doz., \$3.50.

CYPHERS COMBINATION BLUE-FLAME GAS BURNER

Cyphers Combination Blue-Flame Gas Burner, illustrated herewith, burns with a blue flame which produces the maximum amount of heat with the minimum consumption of gas. Made in two sizes, large and small, corresponding to the two sizes of oil burners furnished with Cyphers Incubators and Brooders. The Blue-Flame Gas Burner is sold complete, with heat spreader, ready to be attached to gas pipe or bracket.

PRICE: Each.....\$0.50; postpaid, \$0.60

CYPHERS MEDICAL CASE OF STANDARD POULTRY REMEDIES

REMEDY No. 1. Cures catarrhal troubles, bronchitis, colds and croup. Remedy No. 2. For colds, sniffles, watery discharge from eyes. Prevents roup. Remedy No. 3. Useful for chicken pox, bumble foot, chronic colds, hard, croupy cough. Remedy No. 4. For all diarrhoea of poultry and cholera. Remedy No. 5. Cures diphtheritic roup and all forms of canker. Remedy No. 6. For all forms of indigestion, liver disease, sour crop, loss of appetite, constipation and limber neck. Remedy No. 7. Cure for all diseases of egg organs; starts hens laying after moulting. Remedy No. 8. For rheumatism, cramps, swollen legs, lameness. Remedy No. 9. Useful for worms and intestinal parasites. Remedy No. 10. For all diseases of egg organs which cause soft shell eggs.

PRICE: Set of ten remedies in case, \$2.00. Single vials, \$0.25 each; by Parcel Post, 5 cents extra.

CYPHERS POULTRY SURGICAL CASE

With the exception of the ten remedies, which are omitted, the Cyphers Surgical case consists of identically the same instruments and accessories as are in the Combined Medical and Surgical Case. PRICE: Postpaid, \$2.00.

CYPHERS POULTRY MEDICAL and SURGICAL CASE

This case consists of the ten remedies contained in the Cyphers Medical Case, with the addition of a surgical outfit, as will be found necessary in treating injuries and combating diseases, epidemics, etc. PRICE: Postpaid, \$3.00.

CYPHERS NAPCREOL

Napcreol is a highly concentrated preparation used for disinfecting, which is made ready for immediate use by simply mixing with the required amount of water. One gallon of NAPCREOL will make 50 gallons of disinfectant.

PRICES: 1 qt., \$0.50; ½ gal., \$0.85; 1 gal., \$1.50.

PILLING'S CAPONIZING SET

Consists of a lancet-shaped knife, spring spreader, the spreading strain of which is held in check by a lock, holds open to the right extent the incision to the intestinal cavity, making it easy to reach and remove the glands.

PRICE: In velvet lined case, \$2.50; by Parcel Post, 10 cents extra.

DOUBLE-QUICK GRAIN SPROUTER

The perpetual Poultry Silo grows green feed for poultry.

No. 2—½ bus. 50 to 75 hens \$7.50 No. 4—2 bus. 200 to 300 hens \$13.25
 No. 3—1 bus. 100 to 150 hens 10.25 No. 5—4 bus. 400 to 600 hens 18.50

THIS machine is as near perfection as human intelligence can make it. It consists of a hopper, to contain the feed, in the bottom of which is fitted an adjusting valve, which is set to allow such quantities of feed to escape as may be desired. Directly under the valve is located the deflector, upon which the feed falls and by it is scattered in a wide, even circle. As the fowl strikes the feed bar it sends a regulated shower of feed on the deflector and it is thus scattered.

PRICES:	{	No. 1, 8 qt., each....	\$2.50	No. 3, 20 qt., each	\$4.10

POULTRY AND ANIMAL

Pratts, REGULATORS

AND REMEDIES

Healthy birds and lots of eggs, the two big things in poultry raising, are made certain by giving

PRATTS POULTRY REGULATOR

100 lb. bags, \$9.00; 25-lb. pail, \$2.50; 12-lb. pail, \$1.25; packages, 50c. and 25c. It builds up vitality, insures sound digestion, sharpens appetite and prevents disease, thus putting birds in condition for heavy

egg laying or winning blue ribbons.

Pratts is the original Poultry Regulator of America and is in use by the most successful poultry raisers everywhere.

When regularly used, hens lay throughout the year.

It will prevent chicken cholera, gapes, roup, rheumatism, expel worms, prevent leg weakness, and egg eating. It will greatly improve turkeys, geese, ducks, pigeons and guineas—insuring quick growth and keep them free from disease.

When baby chicks come, keep them healthy and growing and bring even the weak ones along by feeding

PRATTS BABY CHICK FOOD

14 lbs. for \$1.00. Packages, 50c., 25c.

A largely predigested baby food for baby chicks. Guaranteed to raise every livable chick. Costs a cent a chick for three weeks. Prevents leg weakness, white diarrhoea, "pasting up" and other chick diseases.

Get rid of lice on your poultry, in nests, dustbaths, incubators and elsewhere in a day's time by using

PRATTS POWDERED LICE KILLER

50c. and 25c.

Effective, non-poisonous, non-irritating. May be used wherever a powder is suitable. A splendid deodorizer.

It quickly and thoroughly kills all lice on little chicks, big chicks, setting hens and incubator chicks. It rids horses, cattle, hogs, dogs and cats of lice and destroys ticks on sheep. It destroys insects and bugs on vines, plants and flowers. A valuable deodorizer and disinfectant for all poultry houses, barns, stables and dwellings. Drives out moths from closets, furniture, carpets and clothing.

Don't let ROUP cut your profits. The sure and easy "ounce of prevention" against this dangerously contagious disease is

PRATTS ROUP REMEDY

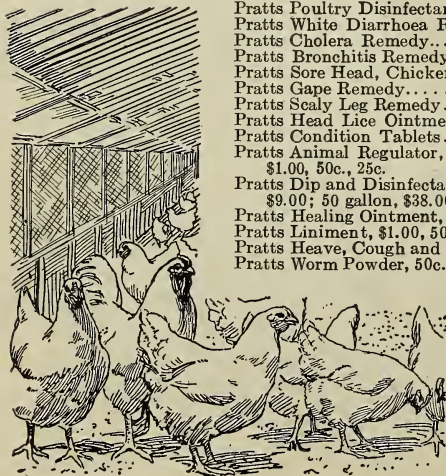

Tablets or Powder, \$1.00, 50c., 25c.

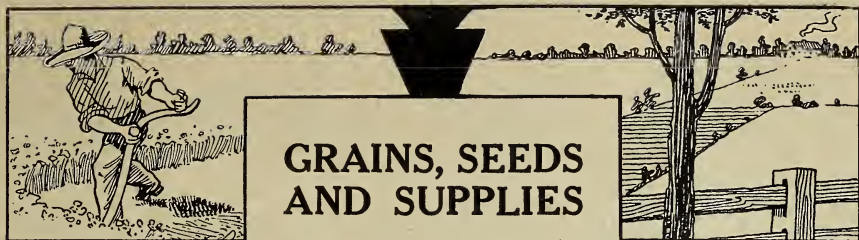

Quickly absorbed by the blood, purifies the system, reduces fever, allays inflammation. The safe remedy for roup, colds, catarrh and all bad weather diseases.

- Pratts Poultry Disinfectant, \$1.00 gallon, 35c. quart.

PRICES:	5 lbs.....	\$0.35	25 lbs.....	\$1.65
	50 lbs.....	3.00	100 lbs.....	5.85

Rape Seed for Feeding. Used extensively to mix with other seeds for a scratch food. Also good for pigeons. PRICE: \$7.00 to \$7.25 per cwt.

Russian Sunflower Seed. (Large.) This makes a very excellent change of feed for poultry; they like and thrive on it. An egg producer. PRICE: \$0.07 to \$0.08 per lb.

Russian Sunflower Seed. (Small.) PRICE: \$0.07 to \$0.08 per lb.

Tobacco Stems. Excellent nesting material. Lice cannot live where extensively used. Pigeon growers can't afford to use anything else.

PRICE: \$1.00 to \$1.10 per cwt., in bales from 175 to 250 lbs.

Wheat Screenings. One of the finest feeds for poultry. Write for quotation. ANALYSIS: Protein, 12 per cent.; fat, 2 per cent.; fiber, 3 per cent.

Broken Barley. Excellent for poultry. Write for prices.

Peters' Arab Horse Feed

A clean feed made in a clean mill

THAT'S IMPORTANT

Positively a Balanced Ration

Guaranteed to contain only cracked corn, whole oats, choice alfalfa meal and molasses.

Uniform quality—that has helped to make ARAB famous.

Puts your animals in good condition.

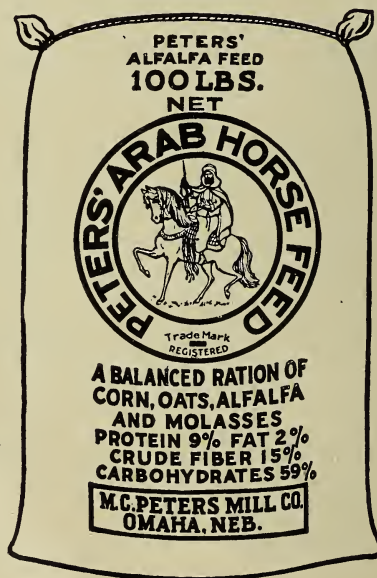

Keeps them that way.

Saves you money in your feed bill.

Our good name is back of our goods.

It protects your interests.

Your animals get a proven product when
you feed them ARAB.

IMPORTANT

Compare this picture of the ARAB Bag with the Bag—it's your protection and assurance that the delivery at your barn is the genuine.

PETERS' ARAB HORSE FEED

PETERS' PROVEN PRODUCTS

are

QUALITY ALFALFA FEEDS

MADE BY

M. C. PETERS MILL Co.

OMAHA, NEB.

THAT'S GUARANTEED

—to produce more milk than any other ration either home mixed or purchased and do it without giving your cows constipation or udder trouble. Ready to use right out of the sack without any mixing.

Larro-feed

55

Absolutely free from adulterants and fillers, just like the feed you would mix for yourself, is a special combination of choice cottonseed meal, dried beet pulp, gluten feed, corn distillers' grains, wheat bran, wheat middlings and a little salt, that's all; each ingredient weighed by automatic scales and all thoroughly mixed in huge power driven mixers, so that it is always absolutely uniform, and always good. An extra quart or two of milk daily from each cow may turn a loss into a profit. Try LARRO-FEED for more profits. Sold on "money back if not satisfied" plan, the decision being entirely up to you.

TAYLOR BROTHERS
CAMDEN, N. J.

SWIFT'S DIGESTER TANKAGE

HOG money is big money if your hogs are fed Swift's Digester Tankage. It will increase your hog profits one-third and reduce your feed bills accordingly. Corn and other farm grains are rich in carbo-hydrates and fats, but low in protein, which is absolutely essential to secure economical feeding results. There are several sources of protein, and Swift's Digester Tankage is by far the cheapest. For proof of this compare the analysis of Tankage with that of any other food.

Swift's Digester Tankage is a dark colored granular meal, made from clean, wholesome, fresh meat trimmings taken only from Government Inspected animals. These trimmings are cooked for ten hours with live steam, and the product is then passed through a dryer; after which it is milled and screened and then packed in burlap sacks.

Digester Tankage matures a hog for market two or three months quicker than a corn diet. It grows hogs with more lean meat and less fat, hence top prices are secured. Brood sows fed Tankage will farrow strong healthy pigs, and fortify and strengthen them against the attacks of disease germs. Swift's Digester Tankage is strongly recommended by all leading Experiment Stations, Veterinarians and Breeders.

STERLINGWORTH FLY DRIVER AND GERM DEATH

Completely protects cattle and horses from all winged pests; it is non-poisonous and harmless; it does not burn or gum the coat. One quart mixed with water makes two gallons of fly driver. Can be applied with brush or sprayer. The No. 1 Cyclone Sprayer is recommended for the purpose.

PRICES: 1 qt. can. \$0.60 2 qt. can. \$1.00

TABLE AND DAIRY SALT

Buy salt from us and you will get the best at the lowest prices. The Wigwam ranks very high and we would be very glad to quote prices in any quantity.

Wigwam Brand is a high grade, granulated vacuum process salt, especially refined for dairy, cooking, baking and table use, is strictly pure, sparkles like a diamond, the result of perfect crystallization, makes a brine as clear as crystal and will not harden in any climate.

Ground Salt (coarse grain) is the first product of evaporators and is a coarser grain than Perfection Brand. It is preferred by packers for pickling meats, etc.

Agricultural Salt is grades that have become discolored or dirty. It is used for fertilizing and for any purpose where quality is not essential. (We do not guarantee the quality of Agricultural Salt.)

Mineral Salt is white, bright, sparkling and clear (almost chemically pure). Used for packing meats, freezing ice cream, refrigeration, charging ice machines, pickling, salting hides and skins, and feeding horses, cattle and sheep.

Turk's Island Salt. Genuine article.

DILLON'S UTILITY SALT

A conditioner for horses and stock. Relieves them of worms and tones up the system.

**BLACK "VELVET"
RUBBER TREADS
RED SIDES**

Tires

HERE'S a wonderful improvement—sinewy, springy and strong as the muscle-padded foot of the Greyhound is this tough-textured, hard wearing BLACK "VELVET" Rubber of 1916. It stretches like a pure rubber band—does not cut or puncture easily. A new and different Rubber, developed through much scientific research—flexibility and durability of marked excellence. Ride on BLACK "VELVET" Diamond Tires, **even once**—and you'll find a new joy and a comforting mileage increase goes with them.

Other sizes in proportion. Prices subject to change without notice.

CHAMPION SPARK PLUGS

THE Champion Guarantee is "Absolute satisfaction to the user. Free repair, replacement or your money back.

If in your opinion that way of putting it does not afford you every possible protection in buying Champion Spark Plugs, write your own guarantee and forward it for our signature.

"Absolute satisfaction to the user" makes you the judge of our product, and if you are not absolutely satisfied, you have your choice of three remedies "Free Repair," "Replacement" or "Money Back."

And always you are the counsel, judge and jury, all in one, and there is no appeal from your verdict.

But such is the dependability of Champion Spark Plugs and such is the thoroughness of our inspections, that our guarantee is scarcely ever brought to mind, except as we see it printed on the cartons in which we pack our product.

KEYSTONE RUBBER ROOFING

JUST as a chain is no stronger than its weakest link, the security of a building is no greater than the integrity of its roof. Keystone Rubber Roofing is the choice of careful buyers who insist upon attractiveness, fire-resisting qualities and absolute weather protection at the minimum cost per year of service. It is made from the best, heavy tough felt fabric, saturated and coated with a flexible waterproof gum, and retains its life and flexibility for many years. It is a non-conductor of heat and cold, capable of enduring rough usage in any climate, and under the most varying conditions it will not warp, crack or rot. It is manufactured by skilled workmen in the largest roofing plant in the country, and from carefully selected materials which never vary in quality.

Laying a tin roof requires a large kit of special tools and a skilled tinsmith; to set a tile roof one must be an experienced tile setter; slate should be laid by a competent slater; whereas anyone with sufficient gumption to grasp a hammer and drive a few nails can lay Keystone Rubber Roofing without difficulty.

We sell enormous quantities of Keystone Rubber Roofing, and are therefore able to quote the lowest possible prices. Samples will be sent upon request. Satisfaction guaranteed.

Special price in quantities.					

JERSEY BRAND POULTRY WIRE NETTING

FEW people realize what a vast difference there is in the quality of wire netting, and yet such is the case. And on a poultry farm where large quantities are used this factor becomes a very vital one. Cheap, inferior nettings soon rust out, and become a source of continual trouble and expense to the poultryman. Fence your plant with Jersey Brand Netting and you have fenced it with the most durable. It is made of the best materials, heavily galvanized after it is woven, and guaranteed to be straight and free from any defects. We carry a large supply of this fencing in stock.

Each roll contains 150 lineal feet. Following prices are for full roll lots. Less than full roll lots in 2-inch mesh, No. 19 only, \$1.00 per 100 square feet.

 100 lbs.....\$1.00 cwt 500 lbs.....\$0.85 cwt., f. o. b. Camden

NAILS

Best quality wire and cut. All kinds and sizes; market prices.

BERRY CRATES AND BASKETS

THE progressive farmer and fruit grower realizes the importance of shipping his products in strong, well-made, attractive carriers, and that if he does not do so he can not expect top prices. Old-fashioned, makeshift methods and devices are no longer tolerated by produce handlers and stores. They insist, and justly so, in having their goods shipped in standard packages.

We carry a full line of berry crates, baskets and carriers of standard make, the best obtainable, and will be glad to quote prices on carload lots or less. No order too large for us to handle, or too small but that we shall give it the most careful, prompt attention. Let us know your requirements.

BERRY BASKETS

Standard quarts; oval pints. Thirty-two quart berry crates. Dividers for crates.

BASKETS

Five-eighths bushel; six brace.
Half bushel; six brace.
Half bushel peach; best quality.
Hampers; best quality.

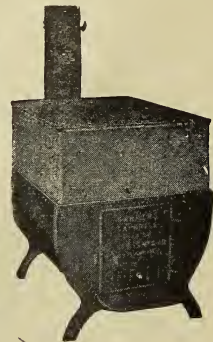

THE FARMERS' FAVORITE COOKER

It pays to use a cooker. A warm meal once a day for the cows will show surprising results in the milk pail. Hogs will respond much quicker if fed cooked food. Poultry must have warm food for best results.

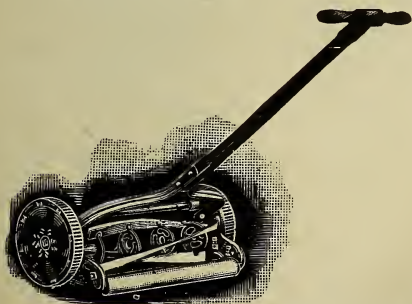

Capacity	Size	Boiler	Length	Fire Box	List
No. 1 25 gal.	22 x 22 x 12	24 in.	\$10.00

GRASS SEEDS

(For prices, see page 39)

Awnless-Brome Grass. (*Bromus Inermis.*) A valuable grass for light, dry soils. Will stand long droughts and produce heavy growths where other grasses frequently fail. 30 pounds to the acre. Bushel, 14 pounds.

Alfalfa. As a fertilizing, land-enriching crop, it is unequaled. The roots sink down into the earth searching for nourishment and bringing to the surface the chemicals and fertilizing materials that have been stored 10 to 15 feet deep. One seeding stands for years. All cattle are fond of it. If possible, sow with oats at the rate of 15 pounds per acre, or if the land is very poor, sow 3 pounds more. The first season the growth will be very light, but don't be worried if the plants are small and several inches apart, for that means the next season you will probably get from 3 to 5 tons per acre, and it increases for several years, producing as high as 10 tons; but that is a very large yield. It should be cut when in full bloom, but don't cut too early and be careful not to allow it to become water soaked after cutting, as it greatly reduces its value for feeding.

Blue Grass. (Kentucky.) Extra fancy cleaned. One of the most valuable sorts for lawn purposes, and as a pasture grass is indispensable. This grade is best for sowing lawns. Sow 3 to 5 bushels per acre for lawn; for pasture, sow $2\frac{1}{2}$ bushels. Bushel, 14 pounds.

Clover, Red. Fine quality, high germinating seed, free from foreign matter. 60 pounds per bushel.

Clover, Alsike (Swedish). Harvested with great care; the finest product of the market. 60 pounds per bushel.

Clover, Scarlet (Crimson). Used principally as a soil restorative. Both Delaware and Imported seed. Best quality. 60 pounds per bushel.

Clover, White Dutch. For thickening the growth of the lawn, a better seed could not be used. Our grade is extra fine and we can say every grain will germinate. 60 pounds per bushel.

Clover, Mammoth Pea Vine or Sapling. Grows much taller than the Common Red Clover, with larger, leafier stalks.

Canadian Blue Grass. Adapted especially to high, dry situations. Fine for permanent pasture. Bushel, 14 pounds.

Creeping Bent Grass. (*Agrostis Stolonifera.*) Excellent for lawns; succeeds well in all locations; makes a low, velvety growth. Bushel, 20 pounds.

Crested Dogtail. An excellent grass for hard, dry soils; valuable for pastures or lawns; 25 pounds to acre. Bushel, 21 pounds.

English Rye Grass. (Perennial Rye.) Fine for an immediate effect. Bushel, 24 pounds.

Herd or Red Top, Fancy Hulled. Extra re-cleaned seed, free from chaff. Bushel, 32 pounds.

Herd or Red Top Grass. Jersey and Western. Very popular for field use. Bushel, 10 pounds.

Hard Fescue. Thrives well in dry situations where many other grasses fail; 30 pounds to the acre. Bushel, 12 pounds.

Hungarian. Like German in growth, distinguished by brown color seed.

Italian Rye Grass. An annual; quick in maturing. Bushel, 22 pounds.

Meadow Fescue. English Blue Grass. An excellent grass for permanent pasture or hay. Bushel, 22 pounds.

Meadow Foxtail. An elegant pasture grass. Bushel, 7 pounds.

Millet, German or Golden. Best known of all varieties; has, in consequence, a large sale; is a medium early forage plant, prolific in stalk and grain.

Millet, Common. Has a smaller seed head than German and does not produce as heavy a growth of forage.

Millet, Japanese. (Barnyard.) It yields an enormous crop of forage, which is greatly relished by stock. When cured, it makes an excellent hay.

Millet, Siberian. Grown largely in the Northwest, and is there considered better than any other. It yields a heavy crop of superior forage and seeds abundantly.

Natural Green Grass. Largely used on lawn and field. Bushel, 14 pounds.

Orchard Grass. For pasture, sowing under orchards or shady places. Bushel, 14 pounds.

Rhode Island Bent Grass. (*Agrostis Canina.*) Resembles Herd Grass, forming a fine turf, even on thin soils. Doing especially well in salt atmospheres. Sow 40 pounds to the acre. Bushel, 15 pounds.

Timothy Seed. Best grades, strictly re-cleaned. 45 pounds per bushel.

Wood Meadow Grass. Particularly adapted for pleasure grounds and lawns; will grow under trees where few other grasses can exist. Bushel, 14 pounds.

VALUABLE PLANTS FOR SUMMER FORAGE AND ENSILAGE

(For prices, see page 39)

Crimson Clover. Solves the problem of cheap manuring; it is the great nitrogen gatherer and economizer in the use of fertilizers. Improves poor lands and restores to fertility those that have been worn down by excessive cropping. May be planted in spring, summer and fall. Splendid for reseeding Red Clover that has been winter killed. Sow 15 to 20 pounds per acre.

Soja or Soy Beans. One of the most remarkable drought resisting crops under cultivation. Will thrive under the most adverse conditions; tremendous yielder and valuable soil improver.

Cow Peas. When planted in rich soil make an enormous growth of vine of high feeding value and equal to clover for enriching the ground if plowed under. Black Eye, Clay, Black and Whippoorwill Gray Crowder, New Era varieties are adapted to Northern growth. Sow 1 to 1½ bushels broadcast, or drill 20 to 30 pounds per acre.

Sorghum. (Early Amber.) This plant is fast coming to the front for summer pasture or forage. It withstands drought and grows luxuriantly when the grasses and even Millets are burned out with the dry midsummer heats. It makes excellent hay. Sow broadcast 1 to 1½ bushels, or drill 10 to 20 pounds per acre. Early Amber is best for this latitude.

Kaffir Corn. Is a non-saccharine Sorghum grown for the seed, which is good for poultry and cattle. Cultivation same as for Sorghum.

Canada Field Peas. These are very valuable for fattening stock, and can also be grown for soiling purposes, but are of greater value for fodder when fed as ground feed, or the vines can be cured for hay, which is of great nutritive value. They can be sown alone or with oats; if sown alone, sow 2 bushels to the acre; if with oats, sow 1 bushel of peas and 1½ bushels of oats.

Spring Vetches or Tares. (*Vicia Sativa*.) These are a species of pea, and grown extensively for stock feeding. Are excellent food for hogs and also a most valuable fertilizer. 50 to 60 pounds are sown per acre and cultivated same as field peas.

Winter Hairy or Sand Vetch. (*Vicia Villosa*.) Can be sown from July to November broadcast, at rate of 20 to 30 pounds per acre, with one bushel of oats or wheat, or 40 to 50 pounds if sown alone. Will grow on most any soil and produce a good crop. Splendid as a soil improver or for feeding.

Dwarf Essex Rape. It can be sown in drills far enough apart to cultivate, or broadcast. If sown in drills, but 7 pounds per acre is necessary. The best way is to sow it broadcast on very clean soil, or to sow it with your spring grain at the rate of 15 pounds per acre.

Speltz. Makes excellent pasture and good hay if cut at the proper season. The straw is stiff and does not lodge easily, and the grain does not shell out. Dry weather does not seem to have any effect on it whatever. It is a wonderful stooler and a robust grower and can be fed same as oats with the hulls. Every farmer should grow it. Sow at the rate of 50 to 60 pounds per acre.

Teosinte. (*Reana Luxurians*.) Its value lies in the fact that it can be cut several times during the season, and when allowed to remain without being cut attains a height of 12 feet. We would advise sowing the seed in rows 3 feet apart and the hills far enough to work, putting in three seeds about every 12 inches in the drill.

Sweet Clover, Bokhara (*Melilotus Alba*), also Yellow Blossom (*Melilotus Officinalis*). While extensively used as a bee food, these clovers are valuable varieties for soiling (green manure); for sowing in the spring on lands which are later to be sown in alfalfa. They grow from 3 to 5 feet high, according to soil and location. Sow 15 lbs. per acre in early spring, alone, or 10 lbs. per acre with other crops.

Sudan Grass. For summer forage or grass crop will produce two or three cuttings each season, stools out thickly after the first cutting, makes a most nutritious and desirable forage crop. Sow in drills 10 lbs. to acre, broadcast 25 lbs. to acre.

TAYLOR BROTHERS' LAWN GRASS SEED

THE attractiveness of a suburban home is greatly increased by a well-kept, closely-cut lawn. In order to obtain this, an important feature is securing the right kind of mixture; something that will remain fresh and green in hot weather. TAYLOR BROTHERS' LAWN

GRASS will form a deep green velvety lawn in a few weeks' time. A mixture of the finest and most desirable grasses which gives satisfactory results.

Plain

WHEN TO PLANT SEEDS

The seeds of farm crops may be divided into two classes, according to the temperatures at which they will germinate or sprout readily and can be safely planted, and the blossoming time of fruit trees can be taken as a more certain guide than any arbitrary calendar date.

1st Class.—Those seeds that will germinate or sprout at an average temperature of forty-five degrees in the shade, or at about the time the peach and plum trees blossom:

Barley	Red Clover	Carrot	Kale	Onion
Oats	Crimson Clover	Cabbage	Lettuce	Pea
Rye	Grasses	Cauliflower	Parsley	Radish
Wheat	Beet	Endive	Parsnip	Spinach
				Turnip

These can be planted with safety in the spring as soon as the ground can be prepared, and some of them if planted in the fall, live through the winter.

2d Class.—Those seeds that will germinate or sprout at an average temperature of sixty degrees in the shade, or when the apple trees blossom:

Alfalfa	Cotton	Pole Bean	Okra	Pumpkin
Cow Pea	Egg Plant	String Bean	Squash	Tomato
Corn	Soy Bean	Melon	Cucumber	Pepper

For other Fertilizer Preparations, see page 38.

CHAS. E. LANE, of Parksley, Va., says: "I have been using your Keystone Pigeon Food for about 2 years, and find it entirely satisfactory. It is free from dirt, the grain is sound and good, and always runs even, with about the proper proportions of each."

THE competition which has developed the vegetable-growing industry in the past few years has made demands upon the seedsman which were heretofore never felt so keenly. The progressive trucker of to-day is no longer the ordinary sun, rain and sun farmer; but a shrewd wide awake business man, fully alive to the necessity for scientific agricultural methods and the most improved, reliable standard types of seeds and plants. He has passed the experimental stage; to-day he demands the most exacting, highly developed standard stock, and will buy only from those of long established reliability and in whom he can safely repose the greatest confidence.

The steady, enormous growth of our seed business year after year is conclusive evidence that our seeds are giving satisfaction, and that we exercise the greatest care in obtaining only such stock which produces the heaviest-yielding plants, plants which are most disease-resistant, and plants maturing uniformly, or, if an early variety, to watch for the early-maturing fruits. We are strictly a gardener and farmer's seed house, practical in every sense of the word, hence our experience with every phase of the business for over a half century enables us to render most dependable service. We not only want to supply our customers with seeds which will produce the very highest quality, but we stand ready to act in an advisory capacity on any subject, from the selection of the seed to the marketing of the crop.

When ordering seed sent by mail, please add 10c. per pound and 15c. per quart for postage. All prices on seeds are subject to market changes, a condition which is entirely beyond our control.

Most of the failures with seeds and plants are due to causes entirely beyond our control, such as unfavorable weather conditions, unsuitable soil, too deep or too shallow plantings, &c., which renders it impossible for us to guarantee success. Although we take every possible care to supply only such goods as will, under proper conditions, produce satisfactory results, we still give no warranty as to description, quality or productiveness of any of the seeds or plants we send out, and will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

TAYLOR BROTHERS.

SELECTED SEED POTATOES

OUR potatoes are grown expressly for seed purposes in Aroostook County, Maine; carefully selected, and the equal of any seed potatoes on the market. They are put up in barrel sacks of $2\frac{3}{4}$ bushels or 165 pounds in a sack.

We cannot quote prices in this catalogue for the reason that the value of Potatoes fluctuates constantly. Customers entrusting us with their orders, however, may feel assured that

they will be charged the lowest possible price for strictly Maine grown seed. Write us for quotations on carload lots or less.

Houlton Early Rose (The standard early and reliable variety).

Irish Cobblers (Good keepers, vigorous and popular).

Early Ohio (Old time favorite, matures early).

Beauty of Hebrons (Very early and productive).

Green Mountain (Big cropper, splendid cooker).

Early Northers (Claimed best yielder of Rose family).

New Queen (Resembles Hebrons, matures 7 to 10 days earlier).

Gold Coin (Hardy, very productive).

PRIZE (One of the greatest croppers).

Pride of the South (White, with pink eye, vigorous grower).

Delaware (Medium early, large, good quality).

Early Fortune (Early, productive, shape and color like Early Rose).

American Giant (Long white, smooth, handsome, late variety, yields well).

SELECTED VEGETABLE PLANTS—NEW JERSEY GROWN

Cabbage Plants—Ready for shipment May 1st. Early Jersey Wakefield, Charleston Wakefield, Winningstadt, Early Flat Dutch, All Head Early, Henderson's Succession, Early Summer, All Season, Late Flat Dutch, Surehead, Late Drumhead, Danish Round Head, Danish Ball Head, Copenhagen Market, Drumhead Savoy and Red Rock.

PRICES: 15 cents per dozen; 35 cents per hundred, postpaid. By express, not prepaid, \$1.00 per five hundred; \$1.50 per thousand.

Tomato Plants—Ready for shipment May 25th, Stone, Red Rock, Matchless, Success, Bonny Best, Greater Baltimore, Chalk's Early Jewell, Spark's Earliana.

PRICES: 15 cents per dozen; 50 cents per hundred, postpaid. By express, not prepaid, \$1.15 per five hundred; \$2.00 per thousand.

Pepper Plants—Sash grown May 15th, field grown June 5th. Ruby King, Chinese Giant, Crimson Giant, Hot Bull Nose, Sweet Bull Nose, Tomato Pepper and Long Red Cayenne.

PRICES: Sash grown plants, 20 cents per dozen; 60 cents per hundred, postpaid. By express, not prepaid, \$2.15 per five hundred; \$4.00 per thousand. Field grown plants, 15 cents per dozen; 50 cents per hundred, postpaid. By express, not prepaid, \$1.10 per five hundred; \$2.00 per thousand.

PRICES: No less than a hundred sold. 60 cents per hundred, postpaid. By express, not prepaid, \$1.85 per five hundred; \$3.50 per thousand.

FRED C. OHLEY, of Brookside Pigeon Lofts, Saugerties, N. Y., says: "We use Keystone grade A Pigeon Feed exclusively. Squabs that weigh 10 to 12 lbs. to the dozen is the result. We invariably recommend its use to the many purchasers of our Breeding Carneaux."

TARGET BRAND SCALE DESTROYER

THE practical method of controlling the San Jose Scale.

It destroys insect life by contact, and kills all scale insects and eggs.

This preparation contains about 85 per cent. of mineral oil. When diluted with 20 parts of water, it represents a 4 per cent. solution, a strength strong enough to be fatal to insect life and yet harmless to buds, bark and growth of the tree.

PRICES:	1 qt. can, each.....	\$0.30	5 gal. can, each.....	\$3.70
	2 qt. can, each.....	.55	10 gal. can, each.....	7.40
	4 qt. can, each.....	.90	25 gal. barrel, gal.....	.50
	2 gal. can, each.....	1.75	50 gal. barrel, gal.....	.46

TARGET BRAND BORDEAUX LEAD

Fungicide and Insecticide, Two Sprays in One Operation

PRICES:	1 lb. can, each.....	\$0.20	25 lb. keg, each.....	\$3.25
	5 lb. can, each.....	.80	50 lb. keg, each.....	5.50
	10 lb. can, each.....	1.40	100 lb. keg, each.....	10.00

LIME AND SULPHUR SOLUTION

The best spraying material for San Jose Scale, apple scab, leaf blight, grape rot, etc. A fungicide and insecticide combined. It is uniform in character, of a fixed strength, does not deteriorate with age, mixes instantly with water and can be applied any time. This solution has all the merits of the far famed HOME BOILED LIME SULPHUR WASH with its many disagreeable features removed.

PRICES:	1 qt. can, each.....	\$0.25	10 gal. can, each.....	\$3.40
	1 gal. can, each.....	.55	Half barrel, per gal.....	.25
	5 gal. can, each.....	1.70	Full barrel, per gal.....	.18

NEVER SCALE

Lime and Sulphur in powdered form. All that is necessary to prepare this for application is to add $\frac{3}{4}$ pound to 1 gallon of boiling water. It is cheap, convenient and effective. A fungicide that can be applied to trees in foliage in proportions of 1 pound to 10 gallons of water.

PRICES:	In 12 $\frac{1}{2}$ lb. bags, lb.....	\$0.06 $\frac{1}{2}$	In 25 lb. bags, lb.....	\$0.06
	In 300 lb. barrel, lb.....			\$0.05 $\frac{1}{2}$

PYROX

Pyrox is the spray that answers all requirements. It is a smooth, creamy paste free from grit and lumps. Mixes easily in cold water. Sprays without clogging the nozzles, sticks like paint to the foliage and won't wash off. Kills all leaf-eating insects; destroys fungus growths, scab, blight, rot, etc. It insures the crop.

Dilute one pound to five gallons of water.

PRICES:	1 lb. pkgs., each.....	\$0.25	50 lb. pkgs., each.....	\$7.50
	5 lb. pkgs., each.....	1.00	100 lb. pkgs., each.....	13.50

LOWELL FOUNTAIN COMPRESSED AIR SPRAYER

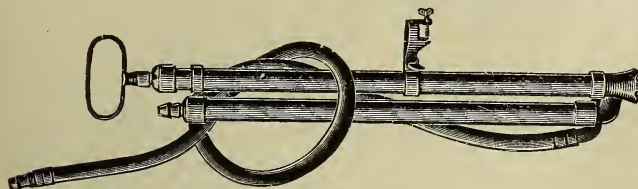

Does not require Constant Pumping. Has an Automatic Thumb Lever Valve. Most Practical for Orchard, Field and Garden Work. Capacity 3 Gallons. Price, \$6.00

No. 1 CYCLONE SPRAYER

With quart tank underneath, double seamed heads, stationary tube; dimensions of cylinder, 13-4 x 8 inches; throws spray fine as mist; uses about one-tenth of liquid that many other pumps do, and is a satisfactory sprayer in every way; no danger of getting out of order. **PRICE: Each \$0.50.**

LITTLE WONDER SPRAYER. Price: Each 30 Cents MYERS' BUCKET SPRAY PUMP

Brass cylinder, not liable to corrode with acids; also foot rest to steady it, with clamp to fasten to side of bucket. This is an easy working pump, as the forcing is done on the downward stroke. Will throw a

stream fifty feet. **PRICE: Each, \$2.65.**

STANDARD SPRAYER, entirely different from any other sprayer. It is made of brass, completely finished, fitted with nozzles for spraying trees, shrubbery, and also extra nozzle for whitewashing. **PRICE: \$4.15.**

Attachments for covering two rows at once, extra. Write for circular.

“PLANET JR.” IMPLEMENTS

The farm and garden tools that save your time, lighten your labor, and get bigger crops—the longest lasting and most economical implements made. Fully guaranteed. Special catalog free.

No. 4 Planet Jr. Combined Hill and Drill Seeder, Wheel Hoe, Cultivator and Plow.

Price, complete \$10.50
As a Seeder only 8.50

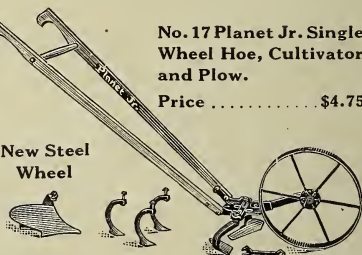

Soon pays for itself in the family garden as well as in the larger acreage. Sows all garden seeds (in drills or in hills), plows open furrows and covers them, hoes and cultivates quickly and easily.

No. 17 Planet Jr. Single Wheel Hoe, Cultivator and Plow.

Price \$4.75

New Steel Wheel

The highest type of Single Wheel Hoe made. Light, but strong, and can be used by man, woman or boy. Will do all the cultivation in your garden in the easiest, quickest and best way.

No. 12 Planet Jr. Double Wheel Hoe, Cultivator, Plow.

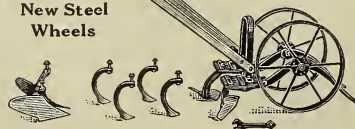

Price \$6.50

No. 100 Planet Jr. Cultivator

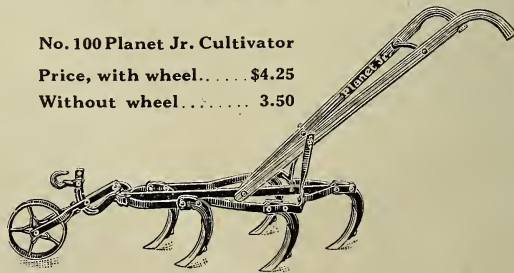

Price, with wheel \$4.25

Without wheel 3.50

New Steel Wheels

A single and double wheel-hoe in one. Straddles crops till 20 inches high, then works between. The greatest hand-cultivating tool in the world.

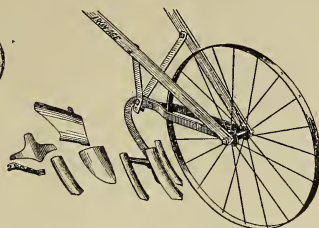

A new light but very strong cultivator fitted with sheet steel standards and beveled cultivator steels specially hardened to give long wear.

Planet Jr. Catalog (190 illustrations) free. Describes 55 tools, including Seeders, Wheel Hoes, Horse Hoes, Harrows, Orchard and Beet Cultivators. Write postal for it.

THE "NORCROSS" HAND GARDEN CULTIVATOR

Its work equals that of the highest priced wheel plow on the market; sells to those who have a small home garden. Made of first class material, shovels forged from the steel prongs, every part being detachable. It works between rows, or the center shovel can be removed and the row straddled. It pulls the weeds, pulverizes the soil, is light, durable and easy to operate.

5 Prong.....	\$0.75	3 Prong.....	\$0.50	1 Prong only.....	\$0.25

OUR FACILITIES

WE feel that your success is very close to ours, therefore we are making it our fixed duty to give you every service and protection possible. We exercise the utmost care in filling orders, always striving to do a little more than we offer; yet in the press of business, errors sometimes occur, in which event we wish to be promptly notified of the facts, and will make such corrections as will be satisfactory. It is impossible, of course, in a book of this size to give but a faint idea of the size and magnitude of our different plants. We ask you to note, however, the view of our elevator and warehouse at Cooper's Point, together with its platform for loading out-going freight. Nine cars can be loaded there at one time, and seven more on the adjoining track. In addition we have facilities for unloading nine cars of bulk and sacked grain and feed on the north side of the elevator and warehouse.

We again call your attention to our building at Front and Market Streets, every floor of which is stored with an immense stock of goods. Our salesroom is on the first floor of this building, and our general offices on the second floor. This business of ours—its enormous stock and wide assortment, is for your benefit. Call, write or 'phone us; we are always at your service.

OUR GOODS

We carry the best lines of

Flour, Salt, Feed, Hay, Cement

Potatoes, Garden and Field Seeds

Land Plaster, Fertilizers, Poultry Supplies

Hardware, Agricultural Machinery and Implements
